

AGRI BEEF CO. FEEDYARD MANAGEMENT INTERNSHIP PROGRAM

ORGANIZATION PROFILE: Agri Beef Co. is a diversified agricultural based corporation with the first ISO/HACCP registered feedyards in the world. Our Beef Supply Chain Division markets 500,000 cattle per year in Kansas, Idaho and Washington.

POSITION DESCRIPTION: We are actively interviewing intelligent and competitive individuals with backgrounds and education in beef management, particularly beef feedyard management for our intern program. Individuals will be assigned to intern at one of our feedlots - Moses Lake, Washington, Liberal, Kansas, American Falls, Idaho or Parma, Idaho. This is a hands-on internship program and will involve all aspects of feedyards including pen riding, doctoring, animal nutrition and feeding, yard maintenance, cattle processing, budgets.

INTERNSHIP PERIOD: June through September/May through August

INTERNSHIP REQUIREMENTS: Typically, college juniors or seniors, with majors in animal sciences or agricultural economics, who successfully complete the interviewing process and are considering a career in feedyard management.

SALARY: \$2500/m

RELOCATION: Financial assistance with relocation expenses can be considered.

APPLICATION PROCESS; Resumes must be received **no later than February 29, 2008**. You can upload your resume, or create one, on the employment page of our website at www.agribeef.com.
